Please note that samples for this solicitation are anticipated to begin shipping in three business days.

Attached is a draft of the email that I have prepared to send to the laboratories for the Region 8 request for modified analysis under their contracts to perform analysis by SOW ISM02.2 for 800 units that is shipping August 17, 2015 through September 4, 2015. The table below includes all of the labs in the program and the Performance Category/Status of each lab.

**Please note that this Solicitation is for the Region 8, Gold King Mine, response effort. The shipping period and number of samples are an estimate.**

**Will the funding for this Solicitation be routine Superfund funding or will there be a Buy-In for the project? If a Buy-In is used the subject line will be updated accordingly for the remainder of the Solicitation emails.**

Laboratory	Status	Capacity
ABE	CO Hold	Does not exceed capacity.
ALS	N/A	Exceeds August monthly capacity by 7.9%.
BON	N/A	Exceeds August monthly capacity by 4.6%.
CHM	N/A	Exceeds August monthly capacity by 22.9%.
TAB*	N/A	Exceeds August monthly capacity by 10.5%.

*\*Per ABS/OAM due to the ICP-MS Instrument issues at TAB, no ICP-MS samples should be scheduled with the laboratory. This request does includes ICP-MS analyses.*

Once you provide the laboratories for solicitation, I will send the attached cover letter as an email to those laboratories. The proposed bid deadline for this Solicitation will be **10:00 AM (ET) on August 13, 2015.**

Thank you,
